This release includes the following fixes:

Financial Aid

Case CS0625660
Description

- Resolved issue when importing an ISIR file that included multiple ISIRs for the same student. The record with the highest *Transaction ID* will be marked as active. If a student already has an ISIR, the new ISIR will import as active as long as it has a higher *Transaction ID*.

Registration

Case CS0625810
Description

Resolved error report in the Registration > Reports > Grade Summary > Term SP-25 > Reports Tab > **Grade Summary by Student** window.

Tools

Case CS0621521
Description

Users were seeing an error when clicking **Print and Save to Doc Track**. This issue has been resolved.

Case CS0624577
Description

Prospect/Student Import:

When importing Students using either the *CAMS Dominate* or the *Import Dominate*, the three default addresses will be created. These addresses are Home, Billing and Local. When updating Students with *Import Dominate* checked in the import, only the *Address type* selected on the **Import Criteria** window will be updated.
